- I80/I99 High-speed Interchange
- Estimated Cost - \$175 Million
- Estimated Bid Date – April 2023
- Estimated Completion Date – Fall 2026

“This project is an integral infrastructure improvement in my district and is intended to replace the functionally obsolete 1-80 Exit 1 61 (Bellefonte) Interchange with a modern interchange that will complete a key missing link on the National Highway Freight Network. The project will also provide for safer travel between the two interstates,” said Senator Jake Corman.
